

WEALTH

- 1) I now confidence have found
To always be around
- 2) I intend to continue to succeed
No matter how hard a deed
- 3) I am having a financial success
No more in a mess
- 4) I am getting a very good job
To earn quite a few bob
- 5) I am having a successful career
To drink to with beer
- 6) Prosperity is coming my way
With no delay
- 7) I take work, one step at a time
And never decline
- 8) I don't ever descend
But know I'll get there in the end
