

This Earth's True Love

- 1) Upon this one and only true earth
There once was a tremendous birth
Beneath many an Angel came a child
Who was so loving, and so mild
This was the coming of earth's true love
From Almighty God of heaven above

- 2) This child we should forever praise
Who was to love, in this world raise
He grew up to give disciples tuition
Setting each of them a special mission
This was the coming of earth's true love
From Almighty God of heaven above

- 3) Lord Jesus Christ, having to this planet come
Brought as much warmth as the bright sun
He was to truly share his whole heart
And in bringing joy and peace play a big part
This was the coming of earth's true love
From Almighty God of heaven above

- 4) Although Jesus was crucified on a cross
He was a big gain and not a loss
For many people he covered a distance
And forever more will be of assistance
This was the coming of earth's true love
From Almighty God of heaven above
