

Heart To Heart

- 1) Yes truly you and I
Are always eye to eye
We've many a mountain climb
And got there every time
We should really play a part
In being heart to heart

- 2) We've really got along
Often together sung a song
Sticking to each and every note
Whilst singing on the boat
We should really play a part
In being heart to heart

- 3) We've travelled near and wide
Whilst sailing on the tide
And really getting on
Wherever we have gone
We should really play a part
In being heart to heart

- 4) We'll be holding hands forever
Be going different places never
But be always getting on
Living as 2 in 1
We should really play a part
In being heart to heart
