

Lost Love

- 1) I'm not at all lying
When I say I'm crying
Yes I'm really feeling upset
Have a lot to regret
Whilst I'm singing this song
All is going wrong

- 2) In breaking my heart
You've played a part
Leaving me down on my knees
As you do as you please
Whilst I'm singing this song
All is going wrong

- 3) Now I'm all on my own
To no-one else truly known
You've gone far away
When I wanted you to stay
Whilst I'm singing this song
All is going wrong

- 4) We where together for a while
Giving each other a smile
What I'll really miss
Is giving you a kiss
Whilst I'm singing this song
All is going wrong

- 5) I'll now remember you forever
Though see you again never
Now our friendship has gone
And I'm a lonely one
Whilst I'm singing this song
All is going wrong
