

Total Success

- 1) I've gone from Weakness to Strength
At a great length
Climbed many a mountain
Watching my troubles fall down the fountain
I intend to continue to succeed
No matter how hard a deed

- 2) I've put some music on a cassette
Which I'll never regret
Now done plenty a song
For everyone to sing along
I intend to continue to succeed
No matter how hard a deed

- 3) I've gone from loneliness to love
Thanks to Lord God above
Am going to never descend
Now I've found a special friend
I intend to continue to succeed
No matter how hard a deed

- 4) I'm preparing true love and a smile
To last for oh quite a while
I feel the most enjoyment today
That is here to stay
I intend to continue to succeed
No matter how hard a deed
