

Superb Man United Defender Nemanja Vidic

- 1) Nemanja Vidic had his Man United debut in January 2006
And was to stop many opposing strikers getting up to their tricks
With very good deep control of the football
He was to prove to be the best defender of all

- 2) Nemanja's now won 4 Premiership Titles with Man U
To be deeply congratulated by me and you
After competing with really quite a few
He's with Man U won the F.A. Cup once too

- 3) Nemanja playing well with his colleagues with no debate
Also assisted Man U in winning the European Championship in 2007/2008
Then helped them shake many other teams up
To also win the 2008 FIFA Club World Cup

- 4) Nemanja succeeded Gary Neville as captain of Man U
Needing to give instructions to oh quite a few
Together they were going to do extremely well
In what the years under Sir Alex completely had to tell

- 5) Nemanja's currently appeared 248 times for Man U
And he's had plenty an injury spell to pull through too
Though instead of him need to face the sack
He's always successfully to the teams delight come back
