To go on and be one of the best midfielders than ever before

For Man United and England he scored plenty of goals
Just found timing his tackles correct quite hard
Often picked up the yellow and red card
- 3) Paul won many a great trophy with Man U
Is to be deeply cheered by me and you
As shown on all the front pages
He helped Man United win the Premiership for absolutely ages
- 4) Paul played for England in 1997 until 2004
Helped them out like never before
He definitely in midfield was one of the best
Better than all the rest
- 5) After taking Man United supporters deeply to heaven
Paul retired on 31st May 2011
Then suddenly with him having made an error of which to learn
After signing a new contract to Man United he did temporarily return
