

A Cartastrophe

- 1) A garage said my car needed an MOT
And that is definitely
Yes, flipping heck
It needs a check

- 2) I was told a new tyre
It did require
Also a new clutch
That didn't cost very much!

- 3) It also needed more water
Just like it ought ta
My car was clearly looking down
I felt a bit of a clown

- 4) I also began to boil
When I was told it also needed oil
Such a lot was being done
I wasn't having fun

- 5) Finally it got repaired
The bill at which I swore
Though cars always cost a lot
Whether pretty new or not
