

## Disability Equality North West 'Hate Crime'

- 1) With Disability Equality North West setting up Hate Crime support  
Hopefully everything on the streets will be going like it ought  
And through each day and night  
No disabled person has any insult fright
- 2) It would really be a shame  
If anyone was called an un-nice name  
All people's difference should be given respect  
Because politeness has a quite good affect
- 3) All disabled people should be able to walk the street  
With their calm and happiness facing no defeat  
Hate Crime will hopefully help this out  
Taking action against anything different without a doubt
- 4) So all you disabled people expect to be treated nice  
Or contact Hate Crime for a very cheap price  
Who will come of great big assistance  
And with your legal rights cover oh quite a distance
- 5) So always stay quite calm  
And Hate Crime will keep you from harm  
Making disability discrimination a thing of the past  
Completely over with at last
