

## Preston Market Is 150

- 1) Preston Market was first built in 1875  
Soon to keep lots of buying and selling alive  
It is now a total of 150 years old  
As the year 2025 has to be told
  
- 2) In August at Preston this year  
A market celebration will bring plenty a cheer  
And on the LEP front pages  
Pictures of this will be published for ages
  
- 3) At Preston Market a lot has taken place  
With different fruit and items for shoppers to face  
To be gathered in by quite a few  
Some independent cafes and food stalls too
  
- 4) This market is to be given deep appreciation  
And in August 2025 a party had there with no hesitation  
It's now been around for a very long while  
Especially in Preston Guild Years brought many a smile
