

## Singing In The Rain

- 1) Walking down the street was a nice tall fella  
Using a big umbrella  
He was singing in the rain  
Time and time again
  
- 2) Yes there's many a dark cloud in the sky  
And that's without a lie  
It really makes me wonder  
Next will there be some thunder
  
- 3) Something else that's very frightening  
Is the sound of lightning  
That is very dangerous too  
Gets hiding quite a few
  
- 4) Today it's nothing but bad weather  
Going on forever  
Everyone will be saying hip hip hurray  
When today is out the way
