

'Dad's Army' Has Been Going For 40 Years

- 1) The T.V. series 'Dad's Army' has been going for a while
Bringing to many faces a sad memory, and smile
Looking at brave people helping Britain during the world war
Which they'd never at all done before
Captain Mainwaring really got the supportive soldiers doing well
As time did have to tell

- 2) With it starting in 1968 quite truly
This is the 40th year of 'Dad's Army' being on T.V.
In which the soldiers had many a mission to achieve
Before Sergeant Wilson let them have some leave
Captain Mainwaring really got the supportive soldiers doing well
As time did have to tell

- 3) Lance Corporal Jones was often saying 'Don't Panic' to the rest
Wanting them not to fail their many a big test
Whilst miserable old Scotsman, Private Frazer, without delay
Was always saying 'We're doomed!' each and every day
Captain Mainwaring really got the supportive soldiers doing well
As time did have to tell

- 4) Private Godfrey was always asking if he could 'be excused'
Being in the troop he was not at all amused
Private Pike was a bit of a 'Mummy's boy'
With his Mother always with Sergeant Wilson having joy
Captain Mainwaring really got the supportive soldiers doing well
As time did have to tell

- 5) Private Walker to overcome his awkward war feelings
Was always making a living by shady dealings
Yes 'Dad's Army' have for years been up to a lot
This series will be stopped being shown? 'Definitely Not'
Captain Mainwaring really got the supportive soldiers doing well
As time did have to tell
