

Dick Van Dyke Is 100

- 1) Dick Van Dyke was born, in West Plains, Missouri, United States on the 13th of December 1925
And now he's still okay health-wise and alive
With it being his 100th birthday today
We should all sing to him 'hip hip hurray'
- 2) Dick has been a star American actor and comedian for ages
Making all the different front pages
To be quite deeply applaud
He's also picked up many a Famous Award
- 3) Dick married Margie Willett from 1948 to 1984 yes
Then Arlene Silver from 2012 or so I guess
Going on to have plenty a child and grandchild too
Together a family of oh quite a few
- 4) Dick in a number of Disney music films played a part
Into 'Mary Poppins' and 'Chitty Chitty Bang Bang' he put his heart
Starring in lots of other films and TV dramas like 'Diagnosis Murder' as-well
He's had in his career a real lot to tell
- 5) Now to Dick and his family we wish a very happy birthday and Xmas time
Hoping during it everything for them goes really fine
Remembering all the nice songs he's sung on TV
To be deeply recalled by you and me
