

## Glasgow Commonwealth Games

- 1) The Commonwealth games in 2014  
Are now in Glasgow to be seen  
Where there'll be many a race  
For athletes from each country to face
  
- 2) There'll be many a different distance race to be run  
Whilst people are having lots of fun  
Also if I'm not much mistaking  
There may be many record braking
  
- 3) Hopefully with Great Britain much training done  
Many a Gold Medal will be won  
With them proving better than the rest  
When put deeply to the test
  
- 4) Many a Medal will be given out  
And that's without a doubt  
Bringing a smile to many a face  
Whilst their National Anthem takes place
