

Happy 80th Birthday Queen Elizabeth II

- 1) Queen Elizabeth II is 80 today
Hip hip hurray
Yes it's time for celebration
With no hesitation
Because she is loving and caring
And warm heart sharing

- 2) She has done a lot as Queen
And never at all been mean
But given many a nice speech
Which to the heart has had a reach
Because she is loving and caring
And warm heart sharing

- 3) With husband Prince Philip she's done what she can
Looked after Charles, Andrew, Edward, and Anne
Shown a thought for everyone in this country too
Visited many a town just to see me and you
Because she is loving and caring
And warm heart sharing

- 4) We now the National Anthem sing along
Which is a lovely song
With a cheer for the Queen
Who's very nice to be seen
Because she is loving and caring
And warm heart sharing
