

## In Remembrance Of Desmond Tutu

- 1) Desmond Tutu was born on the 7th October 1931  
In Klerksdorp, South Africa before much time had gone  
With Religion he was brought up to play a part  
In the World to share his heart
- 2) Keeping South Africa beliefs in the future alive  
Des was the General-secretary of their Council of Churches 1978 to 1985  
Becoming Bishop of Johannesburg 1985 to 1986  
Then Archbishop of Cape Town from then until 1996
- 3) Des was the first black African to take these positions  
Holding 'human rights' as just one of his missions  
Given many an Award including the 'Nobel Peace Prize' in 1984  
And in 1990, with the release of Nelson Mandela, helping Africans feel much better than before
- 4) Des married Nomalizo Leah in 1955  
Who were to bring 4 children and 3 grandchildren alive  
And following his retirement in 2010  
He spent full God gifted time with them
- 5) Des held a 'climate justice rally' in November 2011  
Until sadly, aged 90, in December 2021 he, following his death, most probably went to Heaven  
Though he'll be remembered forever  
As being shown at the moment slip no-ones mind ever
