

Phil Taylor

- 1) Phil Taylor proved to be the best darts player for ages
As a great Professional making all the front pages
To be shocked by me and you
He won eight successive World Championships from 1995 to 2002
- 2) Yes for quite a while as world number 1 Phil was the best
Better at darts than all the rest
In 2002 he did the first televised 9 dart finish yes
Something that's usually very hard to do or so I guess
- 3) Phil won 16 World Championship triumphs and 16 World Matchplay wins
Whilst playing in top gear
And 11 World Grand Prix titles to be drunk to with beer
For 25 years showing at darts he was supreme
With much better than average shots to be seen
- 4) Also to be given a big cheer
In 2010 Phil was runner up in BBC Sports Personality Of The
Year Playing mainly in Blackpool he did very extremely well
In what his long darts career deeply had to tell
- 5) Phil, nicknamed 'The Power' has now retired from this darts sport
Having achieved all that he ought
And looking at what his successful sports career had to tell
No other darts player will ever do quite as well
