

Ronnie Corbett Is 80 Today

- 1) Ronnie Corbett's become 80 today
At which we all say hip hip hurray
Yes whilst with none of his jokes being dirty
He was born in December 1930
Ronnie Corbett's been telling rambling jokes for ages
On many different T.V. stages

- 2) Ronnie Corbett appeared with Ronnie Barker for a long spell
With them each having many a good joke to tell
Together did many comical impersonations on T.V.
For both you and me to see
Ronnie Corbett's been telling rambling jokes for ages
On many different T.V. stages

- 3) Ronnie Corbett has also been a good actor in life
And had a good time with Anne his long term wife
With more and more jokes getting dafter
Has given lots of people the lovely medicine of laughter
Ronnie Corbett's been telling rambling jokes for ages
On many different T.V. stages

- 4) We all wish Ronnie Corbett a very happy birthday time
Hoping for him today and onwards all goes fine
And without any bit of hesitation
That he has a nice big celebration

On many different T.V. stages
