

## Rugby Union Women's World Champions 2025 England

- 1) The England Red Roses have just had a lot to tell  
In the Women's World Championship done extremely very well  
Through the group states they finished top  
No team able to their very high scoring stop
- 2) In the quarter-final they beat Scotland with no debate  
Hammering them 40 points to 8  
Then in the semi-final France they did defeat  
Though getting worn a lot more off their feet
- 3) Conclusively in the final they defeated Canada yes  
Showing a great 33 points to 13 or so I guess  
With a try from full back Ellie Kildunne proving ace  
Then scores from forwards Amy Cokayne and Alex Matthews taking place
- 4) During the second half Abbie Ward and Matthews scored some more  
And The World Championship came knocking at the door  
For which at the full time whistle they had all round celebration  
With not a slight bit of at all hesitation
- 5) In front of the Royal Family and an attendance of 81,885  
The World Cup and Medal presentation then took place, in the UK, live  
To follow this achievement John Mitchell was named 'World Rugby Coach of the Year'  
And lots of other awards will take place on 'The BBC Sports Personality of The Year'
