

## The Glasgow Commonwealth Games 2014

- 1) On the 23rd July the Glasgow Commonwealth Games opening took place  
A ceremony including the Queen's speech, which brought a smile to plenty a face  
Lots and lots of shock was on its way  
With more medals than expected to come both England and Scotland's way
- 2) England in the gymnastics were to do very well  
As nine gold medals deeply had to tell  
Claudia Fragapane managing to win a total of four  
One of the most big achievements ever done before
- 3) A chap in diving who was extremely very bold  
Was Tom Daley who managed once more to win the gold  
Chris and Gabby Adcock in badminton mixed doubles also won the gold  
Whilst in the triathlon team relay England did so too, as I was told
- 4) In what the para-swimming contest had to tell  
Ellie Simmonds and Susie Rodgers each won a gold as-well  
England becoming the top gold medal winners the first time for ages  
Whilst all of the other entrant countries were making the different sports pages
- 5) Gary Lineker, Clare Balding, Gabby Logan and Hazel Irvine  
Presented the Glasgow Commonwealth Games for you and me  
With helpful commentary from people like Steve Cram and Sir Chris Hoy on BBC TV  
Then with a big smile on many a different face  
On the 3rd August a nice closing ceremony gradually took place
