

The Great Actor Clint Eastwood

- 1) Clint Eastwood is 80 today
At which we say hip hip hurray
He's been a TV actor and director for a while
Bringing to very many viewers a smile

- 2) Clint was born in May 1930 yes
Somewhere in America or so I guess
Like John Wayne he became a great Western TV star
Who travelled near and far

- 3) As a star cowboy he's been quick on the drawer
Like many times before
With the film 'The Good, The Bad & The Ugly' one of the best
A Western better than most of the rest

- 4) Clint's done more than 50 films as director or actor now
Don't ask me at all how?
He has really been very clever
With being a great entertainer his endeavour

- 5) To Clint we now wish all the best
Who has passed many a big test
And I'm sure that he will continue to succeed
No matter how hard a deed
