

The Life of Cilla Black

- 1) Cilla to prove at singing she wasn't just a fool
Was born on the 27th May 1943 in Liverpool
At a young age she helped the Beatles out
And did that well without a doubt
- 2) Song-wise through the Beatles assistance before much time had gone
Cilla managed to get plenty a great number 1
She was to be singing on TV and radio for ages
Making all the front pages
- 3) Cilla with Bobby Willis had a nice marriage no lie
Until unfortunately in 1999 of cancer he did die
Whilst together they had 4 children yes
One that died after just 2 hours which was hard to take or so I guess
- 4) Cilla bringing great entertainment to you and me
Ran the TV show 'Blind Date' from 1985 to 2003
This was just after the 'Surprise Surprise' show
At which running she also had had a go
- 5) Cilla made out as one of Britain's most successful and best loved entertainers
Always up to her humorous tricks
Was in appreciation awarded an 'OBE' in 1996
Then sadly on the 2nd August 2015 of natural causes in Spain she aged 72 did die
Which was a very un-nice event no lie
