

The Magic Life of TV Legend Paul Daniels

- 1) Paul Daniels was born in the year 1938
And was to become one of the best magicians with no debate
In 1970 his magic acts he first developed yes
Starting by being 2nd in TV Talent Show 'Opportunity Knocks' or so I guess
- 2) Paul then before much time had gone
In 1979 started 'The Paul Daniels Magic Show' on BBC1
And making all the Newspaper TV pages
Was to come out with many astonishing magic tricks for ages
- 3) Although Paul's first marriage didn't fully work out
His second with Debbie McGee was to do very well without a doubt
They were forever appearing together on TV
With their magic acts making speechless you and me
- 4) To entertain entirely one and all
'You'll like this, not a lot, but you'll like it' was often said by Paul
He then performed plenty a card trick etc as a magician's habit
And occasionally did something shocking
Such as pull out of a hat maybe a rabbit
- 5) Paul was on the whole to do extremely well
In what his magician career deeply had to tell
Sadly aged 77 via a brain tumour illness today he did die
Though by Debbie and lots and lots of others
He'll be remembered for ages without a lie
