

The Royal British Legion's 100th Anniversary

- 1) This year the Royal British Legion is 100 years old
Or so me and many others have been told
Yes this Armed Forces charity was formed on the 15th May 1921
Before after the 1st World War much time had gone
- 2) They've to the Royal Navy, British Army, RAF, Veterans and families come of assistance
In providing financial, social and emotional support covered oh quite a distance
The Headquarters in Haig House, London yes
Where they've made lots of valuable plans or so I guess
- 3) Through charities lots of money giving
The British Legion have provided care and independent living
Physical and mental wellbeing too
Which over the years has been needed by oh quite a few
- 4) As an international fund raising event
A Poppy Appeal takes place each year with good intent
And plenty a Remembrance Service takes place
With a lot of sad memories to face
- 5) The British Legion regularly arrange all this
With to lots of people a good wish
And they'll be showing generous support forever
Leaving brave Armed Forces people neglected never
