

UEFA European Under-19 Championship In Georgia 2017

- 1) The Euro Under-19 Championship has been going for ages
Taking young players through many different stages
This year U-19 England won it for a record 10th time
With all the different tactics going quite fine

- 2) In the semi-finals there was a thrill
Of U-19 England defeating Czech Republic 1-0
Then before much time had gone
Beating Portugal in the final 2-1

- 3) Following this result, without any hesitation
There was lots of celebration
The U-19 England team once more holding the Cup
Having shaken all the other teams up

- 4) The U-19 England player Mason Mount was to be deeply applauded
When he was presented the 'Golden Player' award
Whilst Englishmen Ben Brereton and Ryan Sessegnon were amongst the top goal scorers yes
In the Euro Under-19 Championship doing quite well or so I guess

- 5) This year the U-17s, U-19s and U-20s English in football have done very well yes
Tremendously good amateurs or so I guess
And if they continue playing in this top gear
Some of them may even have ahead of them a great Professional Footballer Career
